

Pattern.

```
#include <stdio.h>
```

```
int main()
```

```
{
```

```
    int i, j, k, n;
```

```
    j = 1;
```

```
    printf("Enter value of n ");
```

```
    scanf("%d", &n);
```

```
    for (i = 0; i < n; i++)
```

```
    { for (k = 0; k <= i; k++)
```

```
    { printf("%d", j);
```

```
        j++;
```

```
    }
```

```
    printf("\n");
```

```
}
```

```
}
```

Enter value of n: 4

1

2 3

4 5 6

7 8 9 10
